## **SCORING:**

On questions 1 - 11 if you:

Both circled "Agree" on the majority of statements, your intelligence is of the "Classic style" and very compatible.

Both circled "Both" on the majority of statements, you are a couple for all seasons, very eclectic.

Both circled "Disagree" on the majority of statements traditional intellectual pursuits are not important to you. This has nothing to do with how smart you are but rather your taste in pursuits of the mind. Of course it could also mean that you are so laid back that you might want to take your pulse.

Both circled "Unsure" on the majority of statements, you have trouble making up your mind or making decisions. This is a marital concern of a different kind but can be equally annoying.

Disagree with each other on five or more responses, you may feel disappointed or irritated with each other's intellectual style. One of you needs to lighten up and the other tighten up on intellectual pursuits lest you succumb to IDD (Intellectual Deficit Disorder).

Disagree on #10 or #11, that's fine. You can make up for the other's deficit as long as you don't gloat.
